terday the thermometer stood at thirty-two degrees The rain which had been falling during the night ceased about sunrise, and then it commenced snowlug; and from that time until 1 P. M. the "beautiful snow " fell rapidly to the depth of about four inches. The temperature after that rose rapidly, the skies cleared away, and about 4 o'clock the sun appeared. Even should the atmosphere be cold the snow will not lay long on the ground. The unusually high temperature of the winter so far has warmed the earth to such a degree that the snow will soon be melted and pass away. Last night the weather was clear and cold. A few sleighs made their appearance on the

streets, but the snow was not deep enough, and the rockers soon cut through to the paved streets.

LOCAL MATTERS.

SOME FIGURES CONCERNING THE PUBLIC DEST .- In response to a resolution from the Senate to the Second Auditor as to what smount of bonds of the State appear by the books in his office not to have had interest paid on them since January, 1865, and the aggrega'e amount of such bonds, HAMBURGH EDGINGS and INSERTINGS and the aggregate amount of the interest due on them and paid up to and including July 1, 1871, he reports: Of registered bonds \$99,839.89; of coupon bonds-estimate upon smount of interest unpaid, \$235,800. Total,

> The interest on the above bonds at 6 per cent. per annum from January 1, 1865, to July 1, 1871, is \$130,899.55. In reply to the inquiry as to what amount of interest has been paid on the unfunded debt for the years 1872, 1873, and 1874, and

if any portion of the unfunded debt is held by schools and colleges, and the interest paid | port. thereon and rate of interest for each year, the Auditor answers: There was paid for the year 1872 4 per cent, on two thirds of the face-amount of

the unfunded debt-\$34,554.89. In 1873, 4 per cent. on the 6-per-cent debt, and 31 per cent. on the face-amount of the 5-per-cent. deb: -\$71,446.23. In 1874, 4 per cent. on the 6-per-cent. debt, and 34 per cent. on the face-amount of

he 5 per-cent. debt-\$112,457.86.

843,766.78.

Besides this, there was paid to colleges and associations by law interest at the rate of 6 per cent. per annum on the face amount of the unfunded debt held by colleges in the 1872, on \$516,928.42, including arrears-

\$31,845.86. 1873, on \$725,096 42, on part only for a portion of the year-\$38,307.74. 1874, on \$725,096.42, including arrears-

ing:
"The said affiant further says that the said Aylett Nicol instituted a suit in the Circuit Court of the said county of Prince William in the name of Rachel Carter, administratrix of Thomas Carter, deceased, against the estate of Charles E. Norman, deceased, in which he obtained a decree in the said court against the said Norman's estate; that the said decree or judgment so obtained amounted in April, 1875, to the sum of \$1,629; that in the said month of April, 1875, he advised his said client, Rachel Carter, to sign a blank assignment for the consideration of \$300one third of which said sum was to be retained by the said Nicol as his fee in the said suit: that the said Nicol at the time be advised the said Rachel Carter, his client, to assign the said claim against the said Norman's estate for the sum aforesaid had in his hands as commissioner of sale in the suit of Cole vs. Lynn's administrator, pending in the said Circuit Court, the sum of \$1,680, which he could have had applied to the payment of his said client's claim, amounting as aforesaid to

81.629. It was argued that the offence committed. if any, was in Nicol's capacity as lawyer, not as county judge.

MEETING OF THE CONSERVATIVE STATE COM-MITTEE .- An informal meeting of the State Conservative Committee was held yesterday evening-Judge John A. Meredith, the chairman, presiding-and present Mesas. N. B. Meade, of the Executive Committee; John Letcher, of Rockbridge; J. W. Lawson, of Isle of Wight; W. D. Quesenberry, of Caroline; E. M. Stratton, of Campbell and T. S. Bocock, of Lynchburg.

Several matters relating to the welfare of the party were discussed. It was agreed that the State Committee should be called together to fix the time and place for holding the State Convention as soon as the National Committee appoints the

time and place for holding the National Democratic Convention. Mr. James R. Fisher, secretary of the State Committee, being engaged in business in Washington, Mr. A. Q. Holladay, of Henrico, was appointed secretary.

In discussing the various places suggested for holding the National Democratic Conwention it appeared that the committee was about equally divided between Cincinnati and Philadelphia. The views of the members on this point will be communicated to the National Democratic Executive Committee by Mr. Meade, chairman of the Executive Committee.

The following resolution was adopted: Resolved, Should Philadelphia be selected as the place of meeting we respectfully suggest that the time be immediately before or after the 4th day of July, 1876. CAPOGNI'S CASE. - Judge Hughes has made an order at Norfolk in the case of B. Catogni,

So far from denying it, I ordered the secretary to produce the contract and its settlement; which he Gid, approved by J. B. Baldwin, Governor Letcher, David S. Morris, and settled by Charles S. Carrington, president; Lewis D. Crenshaw, Franklin Stearns, S. C. Tardy, H. C. Cabell, directors. What I did deny was a charge made by Morris that I had been engaged lobbying with the Legislature."

REPORT OF THE COMMITTEE. The committee appointed Thursday night,

consisting of Messrs. Thomas S. Bocock, J. W. Johnson, and C. S. Carrington, to report a plan to-day for carrying into effect the proect for the railroad from Clifton Forge to Buchanan, presented the following: Whereas a large majority of this meeting believe with the Board of Public Works that the extension of the James River and Kana-

wha canal by the company to Clifton Forge would be most desirable if practicable; but whereas, after extensive inquiry and mature consideration, they are satisfied that said James River and Kanawha Company, with such aid as they might reasonably expect are the weather will be colder, partly from the State and from other sources, would be unable to make such canal at this time; whereas, also, they are not satisfied that the said company would be able to construct a railroad from the present terminus of the canal at Buchanan to Clifton Forge in any reasonable time; and whereas, further, it is deemed a matter of the highest importance that a connection between said points

should be promptly made; therefore Resolved, That a committee be appointed to consist of five members of this meeting, to which the president of the company shall be added, whose duty it shall be to prepare and present to the Legislature, as promptly as may be, a memorial asking for the passage of a bill at its present session so amending the act approved March 20, 1875, entitled an act to incorporate the Buchanan and Clifton Forge Railway Company, as will give the charter of said railway company increased efficiency, and for such additional legislation as may in their opinion be necessary to insure the speedy construction of the said Buchanan and Clifton Forge railroad.

Mr. Bocock urged the adoption of the re A SUBSTITUTE.

Colonel Coalter Cabell presented the following resolutions as a substitute for the re-Resolved, That the company reserving the right bereafter to construct and maintain a continuous water-line from Richmond to Covington, the president and directors be instructed to procure from the General Assembly authority to borrow a sum of money not exceeding \$1,000,000 to rebuild the burnt bridges of the company over James river and to construct a railroad from the present head of the canal at or near Buchanan, to a point on the Chesapeake and Ohio railroad at or near Clifton Forge, and to execute a mortgage upon the works, pro

perty, and franchises of the company to secure the same. school, which was to have taken place last Resolved, That the General Assembly be requested to furnish the requisite convict labor, with maintenance, &c., for the construction of the works of the company, in

accordance with the above resolution. INSTRUCTION OF THE BOARD OF PUBLIC WORKS The following resolutions, adopted at a vesterday at 11 o'clock, transmitted by the secretary (J. H. Eustace), and addressed to their efforts and for the entertainment they the State's proxies (Messre. Graham and Mc-Cance), were read:

It having been represented that the first resolution adopted by the board on the 26th ultimo for the guidance of the proxies at the Canal Company had been misunderstood, sion of opinion upon the part of this board; therefore Resolved, That, reaffirming in full the resolution of the 26th ultimo aforesaid, the

board further resolves that it is altogether have No. 2 of Frank Leslie's Popular unwilling, with the lights before it, to abandon the idea of the water-line connection be- Monthly, one of the newest and best of the tween Buchanan and Clifton Forge, and that monthlies; also, Harper's and Frank Leslie's the proxies of the State are hereby requested to vote in favor of rescinding any action that may have been had by the company looking to the abandonment of that policy and the substitution of rail connection at this time. Resolved further, That no effort should be omitted to complete the water-line connection, as aforesaid, by inviting the co-Burkert, treasurer; Barney Briel, I. G.
